

Meeting 1

Creative Director - Shreya Patel | Designer - Leah Fontenot

Leah is in Sam Fox's architecture program.

She's fairly new to coding but really enjoys playing with color and animation.

My vision for this website:

- More mature due to the older audience
- Rococo elements should be incorporated
 - Pastels
 - Asymmetry
 - Hand-drawn elements? (please find these online!! Don't make them!)
 - Serifed fonts for titles
 - No photographs. Try to pull paintings of key people and locations

You can probably find all content on Wikipedia. Each of the pages corresponds loosely to the section in Wikipedia.

Have fun! Enjoy yourself. Emphasize the things you enjoy building!
