

Meeting 2

Creative Director - Shreya Patel | Designer - Leah Fontenot

- Aaaaah the mock ups are gorgeous!!
 - I love the pastels and the filigree integrated on mock up one
 - The typography is so elegant - just what I was imagining
 - I like mock up 2's layout, it feels very creative and fun to engage with
 - The menu on mock up 2 is so cool, but technically it feels like it would be hard to build
 - Leah is up for the challenge!
 - It does feel more plain with the monochrome color palette
-
- Do we include too much text?
 - This is historical so I feel like there will be a good bit of text, but this is a design rather than a writing class so if you want to keep things briefer then go for it
